

PARTS & ACCESSORY INFORMATION

2007 TUNDRA DUAL EXHAUST BY BORLA

Here is Borla's high-performance Cat-Back Exhaust System! This rear-exit system offers your customers aggressive motorsport styling with street commanding sound and maximum flow for more power. It has ultra smooth mandrel bends made from T-304 stainless steel and all-welded construction for durability. The angled polished tips add a high quality finishing touch to this very sharp, rugged truck.
