**Legend**

**STOP:** Damage to the vehicle may occur. Do not proceed until process has been complied with.

**OPERATOR SAFETY:** Use caution to avoid risk of injury.

**CAUTION:** A process that must be carefully observed in order to reduce the risk of damage to the accessory/vehicle and to ensure a quality installation.

**TOOLS & EQUIPMENT:** Used in Figures calls out the specific tools and equipment recommended for this process.

**REVISION MARK:** This mark highlights a change in installation with respect to previous issue.

**SAFETY TORQUE:** This mark indicates that torque is related to safety.

\*Mandatory

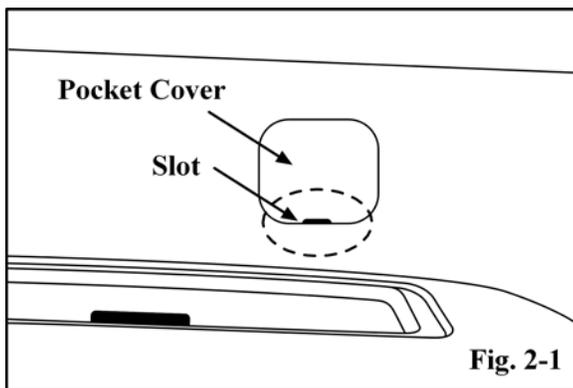

Care must be taken when installing this accessory to ensure damage does not occur to the vehicle. The installation of this accessory should follow approved guidelines to ensure a quality installation.

These guidelines can be found in the "Accessory Installation Practices" document.

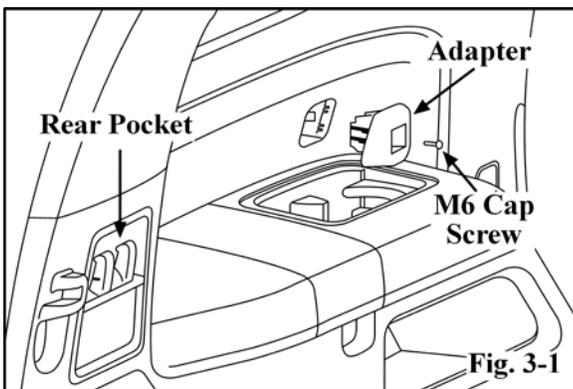

This document covers such items as:-

- Vehicle Protection (use of covers and blankets, cleaning chemicals, etc.).
- Safety (eye protection, rechecking torque procedure, etc.).
- Vehicle Disassembly/Reassembly (panel removal, part storage, etc.).
- Electrical Component Disassembly/Reassembly (battery disconnection, connector removal, etc.).

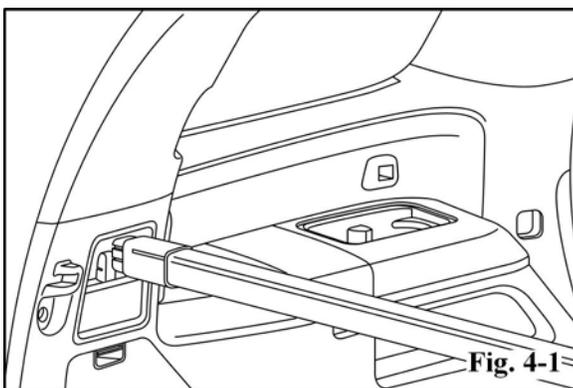

Please see your Toyota dealer for a copy of this document.

**Fig. 2-1**

**Fig. 3-1**

**Fig. 4-1**

## 1. Installation Preparation

- (a) Open Carton and check part for damage and kit contents.

## 2. Vehicle Preparation.

- (a) Remove and discard the pocket covers located above the armrests in the quarter trim panel. (Fig. 2-1)

- (1) Use a nylon removal tool or a flat screwdriver with the tip covered with tape to avoid damaging the panels.

- (2) Using a 10mm socket, remove the panel mounting bolts (not shown) and discard.

## 3. Install the Panel Adapters

- (a) Install the panel adapter. (Fig. 3-1)

- (1) The adapters are side specific and marked as such. (See back of part)

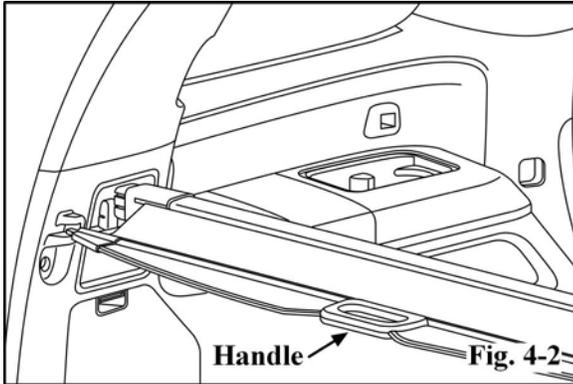

- (b) Using a 5mm hex bit, install the provided M6 cap screws. Do not over-tighten.

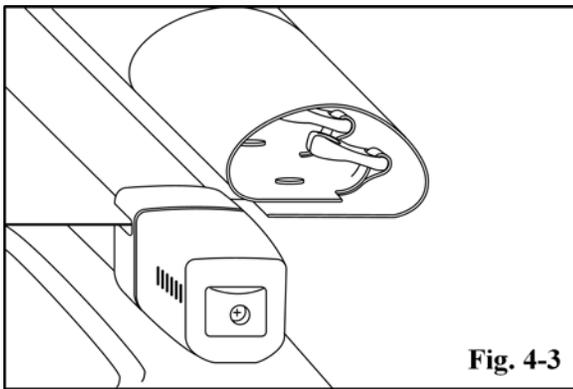

## 4. Install the Cargo Cover (behind 3<sup>rd</sup> row seat)

- (a) Install the cover in the area behind the 3<sup>rd</sup> row seat.

- (b) Compress one of the end caps and install into pocket. (Fig. 4-1) (Pocket Shown in Fig. 3-1)

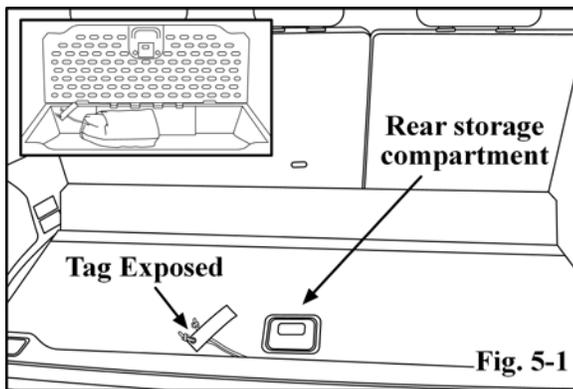

- (1) The protrusions at the ends of the Cargo Cover are installed between the “hooks” in the rear pockets. (Fig. 4-1)
- (2) The shade handle should be oriented towards the rear of the vehicle. (Fig. 4-2)
- (c) Compress the other end cap and install into the opposite pocket.
- (d) The drop curtain should be rolled and snap-fastened to itself. (Fig. 4-3)

### 5. Storage of Extensions

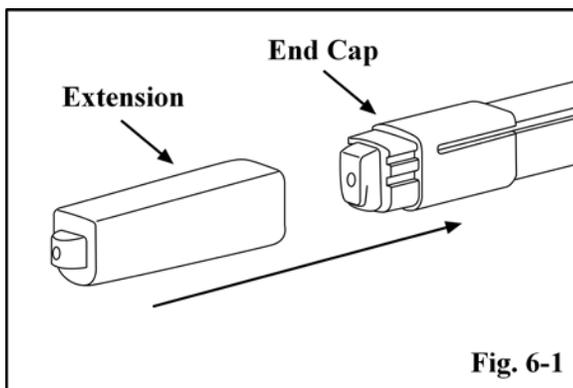

- (a) Place storage bag containing extensions and instructions in rear floor storage compartment. (Fig. 5-1)
  - (1) The yellow tag on the storage bag drawstring should be visible from outside the rear storage compartment.
  - (2) Simply close the compartment door on the draw string leaving the tag visible.

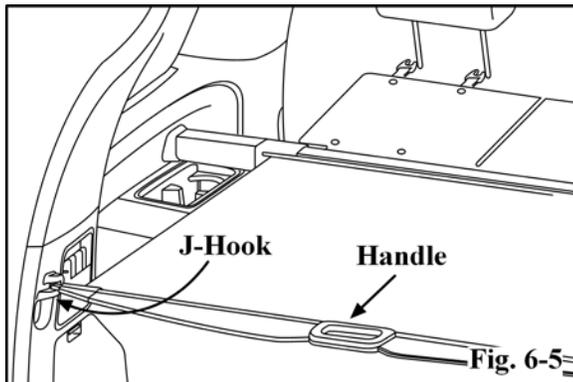

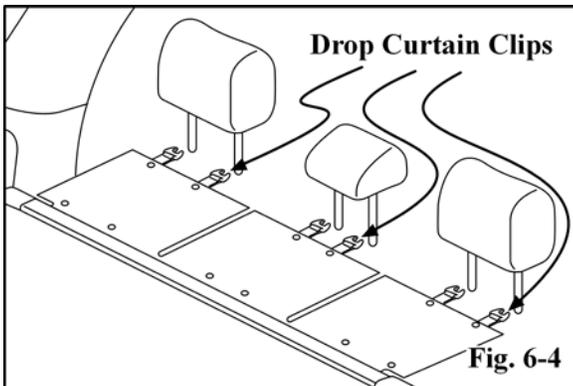

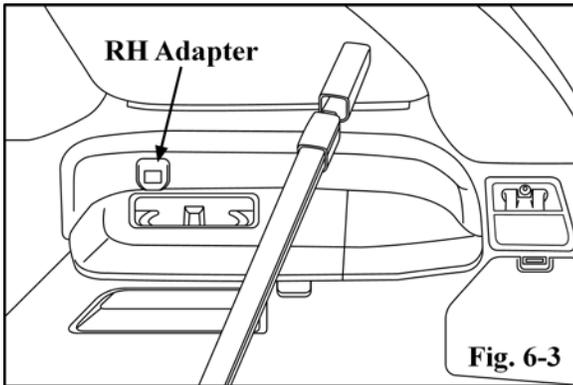

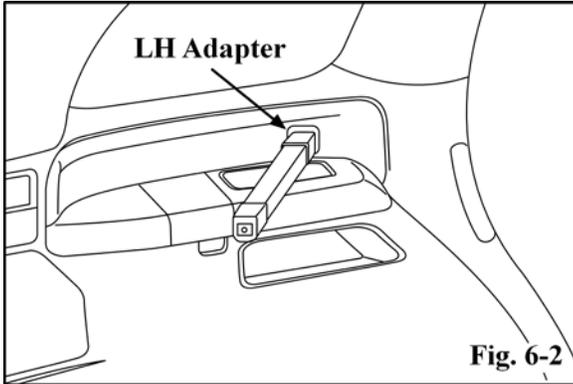

### Installation Behind 2<sup>nd</sup> Row Seat

(For consumer use. Not to be performed by installer)

- (a) Remove extensions from storage bag located in rear floor storage compartment. (See Step 5a)
- (b) Remove cargo cover from behind 3<sup>rd</sup> row seat by compressing one end cap and swinging the cover out of the vehicle.
- (c) Make sure to remove the center mounted seat belt and store per the vehicle owner’s manual.
- (d) Place an end cap extension onto the LH end cap. (Fig. 6-1)
  - (1) The extensions are identical and it does not matter which extension is used on which side.

- (e) Install the left side of the cargo cover into the LH adapter. (Fig. 6-2)
  - (1) The pull handle for the retractable cover should be towards the rear of the vehicle.
  - (2) The slot for the cover should be oriented towards the top.
- (f) Swing the cargo cover into the vehicle and place the other extension onto the RH end cap. (Fig. 6-3)
- (g) Compress the RH end cap/extension and insert it into the RH adapter.
- (h) Clip Drop Curtain to the headrests of the 2nd row seats. Simply snap the clips onto the headrest posts. (Fig. 6-4)
- (i) Pull on the handle to bring out the cargo cover. (Fig. 6-5)
- (j) Hook the ends of the shade into the J-hook configuration in the trim panel. (Fig. 6-5)

Checklist - these points **MUST** be checked to ensure a quality installation.
